Grubb & Ellis|Idaho Commerical Group
533 R. Riverside Dr., Ste 100
Eagle, ID 83616

Dear Greg,

I wanted to write a quick note to say thank you for helping Intermountain find a great new location for our therapy center and clinic. You listened to our needs and helped us sort through all the options to arrive at a great site. I appreciated your support through lease negotiations, tenant improvements, and getting us up and running. Grubb & Ellis did a great job with their 'team approach' to the process, backing you up when necessary with other experts from your firm. I would strongly recommend you and your business to colleagues in the future. Again, thanks much.

Sincerely,

David F. Kirk, MHA
